WORLD IMMERSIVE LEARNING LABS 2024: CALL FOR PAPERS & PRESENTATIONS

Connected Realities: Bridging Cultures and Disciplines through Immersive Experiences

Dates: March 25 & 26, 2024
Venue: Tokyo University of Foreign Studies, Tokyo, Japan

ABOUT

At the heart of the world's progression towards the future of education lies the intersection of immersive technologies and pedagogical innovation. Join us for WILL2024 as we journey through an array of case studies and real-world examples from diverse post-pandemic learning environments and programs, from numerous countries and contexts. This event aims to convene industry trailblazers and scholars, creating a nexus for the exchange of profound insights into the evolution of learning environments and the transformative role of technology therein.
